World ATM Congress Cancellation

Mar. 05, 2020 – We are sad to confirm that, following the decision from ATCA and CANSO, this year's World ATM Congress has been cancelled. We wanted to ensure this message reached as many of our customers and partners as possible, so are contacting you directly.

Obviously we are deeply disappointed, but at the same time fully understand the reasons behind the decision to cancel.

We hope to return next year and see you at the next World ATM Congress exhibition – March 9-11, 2021.
